

THE MESSAGE.

Ratification of the Reciprocity Treaty is Asked.

Mr. Roosevelt Says Honor Demands Approval, Failure to Enact Legislation on the Treaty Says He Would be a Breach of Faith With Cuba.

Washington, Nov. 10.—Both houses of congress received the special message of the president requesting the enactment of the necessary legislation to make operative the treaty of the United States with Cuba providing for reciprocity. The president states that a failure to ratify the treaty would come perilously near a repudiation of the pledged faith of the nation.

The text of the message is as follows:

"I have convened the congress that it may consider the legislation necessary to put into operation the commercial treaty with Cuba, which was ratified by the senate at its last session and subsequently by the Cuban government. I deem such legislation demanded not only by our interest but by our honor. We can not with propriety abandon the course upon which we have so wisely embarked. When the acceptance of the Platt amendment was required from Cuba by the action of the congress of the United States, this government thereby definitely committed itself to the policy of treating Cuba as occupying a unique position as regards this country. It was provided that when the island became a free and independent republic she should stand in such close relations with us as in certain respects to come within our system of international policy; and it necessarily followed that she must also to a certain degree become included within the lines of our economic policy.

Military and Economic.

"Situations as Cuba is, it would not be possible for this country to permit the strategic abuse of the plan by any foreign military power. It is for this reason that certain limitations have been imposed upon her financial policy and that naval stations have been conceded by her to the United States. The negotiations as to the details of

Committee From Panama To Negotiate Treaty.

Foreigners Thank Our Consul-Gratitude for Protecting Citizens of France, Great Britain And Germany Officially Noted in An Address.

Colon, Nov. 10.—Dr. Manuel Amador, minister of finance, and Frederico Boyd, a member of the junta, have been appointed by the provisional government a committee to go to Washington and arrange with the United States for canal and other necessary treaties. They sailed on the steamer City of Washington. It is said that the commissioners will endeavor to have amendments made to Article 8 of the Hay-Herran canal treaty and to eliminate Article 12 in order that the entire territory of the republic may be free to the commerce of the world, to which the commissariat stipulations of Article 12 are considered as prejudicial.

A coasting vessel left for Porto Bello carrying a few troops, who will hoist the flag of the new republic of Panama there. A cable dispatch received by way of Port Limon says that the steamship launch which went to Bocas Del Torro for the purpose of capturing that place in the name of the republic of Panama left there Monday. She is expected here momentarily.

An address was officially presented by the consuls of France, Great Britain and Germany to United States Consul Oscar Malmros, expressing sincere sentiments of gratitude for the protection that the consuls and their countrymen received on Nov. 4 and 5, when the lives and property of all foreign residents in Colon were in the greatest peril, and were only safeguarded through the energetic action,

SWEEPS TRIO OVERBOARD

Great Wave Destroys Lover, Brother and Sister During Ocean Gale.

Philadelphia, Nov. 10.—The Hamburg-American liner Arcadia arrived here from Hamburg bearing a sad story. When two days out the ship ran into a frightful gale. Otto Fron, 15 years old; his sister, Ana, 17 and Joseph Bona became fast friends. The Frons were too frightened to leave their bunks, and it fell to Bona to cheer his new-found friends. The girl's simple faith went out to him, and the brother became his fast friend.

On October 29 the gale subsided somewhat, and in the morning the man at the wheel noticed the three leaning on the rail. The lover was talking merrily, and the brother and sister listened in delight. The wheelsman turned to his duty, and when he looked again the trio had disappeared. A search of the boat failed to find them. They had been swept away by a great wave.

When Mrs. Fron, the mother, learned of her loss it was with difficulty she was prevented from jumping overboard.

TRAVELED

Like Baggage Because He Could Not Talk—Strange Malady of an Indiana Man.

Crawfordsville, Ind., Nov. 10.—W. T. Lawell of New Rose, Ind., has just passed through the unique experience of traveling all the way from Texas like a piece of baggage.

He stepped from a Big Four train leaving a tag which read: "This is W. T. Lawell. He cannot talk. He is going to New Ross, Ind."

Without a word of warning he appeared at his home and only after hours of labor was able to make his family understand his strange dilemma. He was at work in Texas for a big lumber company and was injured in some mysterious way. The wife tried in vain to learn his trouble, but the man seemed dazed and has not sufficiently recovered to explain his condition. Lawell is suffering from paralysis of the brain, caused by a blood clot. He cannot talk and his mind is a blank. With a moan he points to his head, indicating that he has been badly injured. Not one word to solve the mystery has been received from the Hildergard Lumber company of Laurelia, Texas, by whom he was employed. He will probably die.

QUICK JUSTICE

Fort Worth, Texas, Nov. 10.—The jury in the Rufus Martin murder case returned a verdict this morning assessing the punishment at death, after being out thirty minutes. Martin, who is a negro, waylaid and killed Charles Schwackhammer, a farmer, a week ago and robbed him. He narrowly escaped lynching at the time.

Experts to Visit Falls

Cincinnati, Nov. 10.—Leading electricians from all parts of the country are in conference here and will leave for Louisville, where they will be joined by Government engineers and others in an inspection of the Ohio river falls. It is proposed to utilize the falls in the Ohio river at Louisville for power for traction, electric light and other plants throughout Indiana, Kentucky and Ohio, the same as is done at Niagara. The Weidner-Elkins syndicate that controls the traction line in Cincinnati, Indiana, and other parts of Ohio and Indiana have had experts examining into the feasibility of utilizing the Ohio river falls for some time, and they have reported favorably on the plan. The object of the meeting at Louisville is to confer with the government engineers before taking the matter up with congress.

Million for Harvard.

Boston, Nov. 10.—By provisions in the will of the late Gordon McKay of New York, R. I., which was filed for probate, Harvard will receive \$1,600,000.

Vessels Driven Ashore

St. Johns, N. F., Nov. 10.—A gale has been raging along the seaboard for the last two days and several vessels have been driven ashore.

HAZING

BY DELAWARE STUDENTS MUST BE STOPPED.

Young Man Abducted and Branded With Iodine Left Bound to a Rail Fence.

Delaware, O., Nov. 10.—Hazing has been carried on at Ohio Wesleyan to such an extent that the faculty has taken a determined stand and will do everything possible to wipe out the practice.

Saturday night, H. K. Ferguson, president of the sophomore class, was kidnapped by a body of freshmen and taken in a wagon to Old Eden, a village eight miles east of this city, where he was kept a prisoner for several hours. He effected his escape in time to attend a banquet of his class.

Sunday night another member of the same class, L. D. Caff, of Mansfield, was waylaid by a number of students, all masked, carried into the country, and left bound to a rail fence, after being branded on the face with the letters of his fraternity and the year of his class by means of iodine.

Barr was not released until yesterday, when a passing farmer found him. He was so exhausted from exposure he could not walk. He recognized none of his assailants.

The perpetrators of the outrage will be severely dealt with if discovered.

SUICIDE

Wave Is Sweeping Over Chicago—Is Approach of Winter Responsible for It?

Chicago, Nov. 10.—Whether it is due to the approach of winter with its cheerless outlook or discouragement concerning other phases of human life, the experts in the office of the county coroner are unable to determine, but all are agreed that a suicide wave is now sweeping over Chicago.

Ordinarily the number of suicides is greater during the summer months, when the blood is hot and naturally dependent persons grow irritable. The records of the coroner's office fail to disclose anything approaching the number of cases of self-destruction that occurred during the month of October and the first week in November. The total figures up to fifty-five. The nearest number to this was recorded a year ago, when thirty-six suicides were reported. The list up to date shows that the fifty-five suicides recorded took place in twenty-three of thirty-eight days of the elapsed time since October 1, or an average of over two a day. Twenty-five of the fifty-five used poison to rid themselves of existence. In seventeen cases the agent was carbolic acid. Eight used other narcotics, six died of asphyxiation, two by drowning, four by shooting, four by hanging and five by cutting their throats.

The list includes the names of persons of all conditions of life.

WILL NOT RESIGN.

Secretary Cortelyou Will Not Leave President's Cabinet.

Washington, Nov. 10.—It has been current rumor here for a day or two past that Secretary Cortelyou, of the department of commerce and labor, would resign within the coming few weeks and again become private secretary to President Roosevelt. John Mitchell, president of the United Mine Workers of America, was given as the man booked for Cortelyou's place. The story has become so persistent that friends of M. Cortelyou took occasion to deny it.

LOSES AT POKER; CAUSES ARRESTS

Urbana, O., Nov. 10.—Edward Shaw, a Shelby county farmer, went into a poker game in St. Louis Saturday night and after losing \$150 "kicked" about a "queer" deal by Ed Dye, of this city, who was running the game. Shaw was promptly knocked down and thrown out and retaliated by swearing out warrant for Dye and all those who were in the game. All were arrested and the players fined \$25 and costs. Dye's case will be heard later.

Two Seriously Injured.

Knoxville, Tenn., Nov. 10.—The mixing room of the Jellico powder works at Jellico, Tenn., blew up, severely shaking the town, setting fire to the building and destroying it and all the machinery. Two workmen were seriously injured. Loss \$2,000.

Washington, Nov. 10.—United States Minister Powell, at Santo Domingo cables the state department under date of November 6 that the town of Macoris has been beleaguered by a revolutionary mob and partially destroyed. Mr. Powell reports that American interests in Macoris are very considerable.

RENEW FIGHT ON SMOOT

Ministers of Utah Will Ask His Expulsion From the Senate.

Salt Lake City, Utah, Nov. 10.—The fight on Senator Reed Smoot, apostle in the Mormon church, is to be pushed hard by the Salt Lake City Ministerial alliance, which has started an embassy to Washington for this purpose. Rev. William M. Paden, pastor of the First Presbyterian church of Salt Lake City, is on his way with a vast amount of documentary evidence to be used in a direct attack on the Mormon church and its political power.

Among other things it is sought to prove that President Joseph Smith is living in open polygamy and that Senator Smoot tacitly approves the violation of the law. It is charged that Apostle Smoot indorses the polygamous practices of his associates and is a chief mover in making the Mormon church the most powerful political machine in the world.

Some of Dr. Paden's evidence was obtained by detectives in the employ of New York club women, who are taking a deep interest in the campaign against the polygamists.

WENTZ

Is No Longer Living Is the Firm Belief of His Relatives—No Trace Now.

Bristol, Tenn., Nov. 10.—That Edward L. Wentz, missing millionaire, is no longer living is now the firm belief of his relatives. The authorities have sifted down the mass of reports and rumors concerning the missing man, who was last heard of in Kentucky, and now express the belief that he was killed by moonshiners and his body cremated. It is definitely known that Wentz went into the moonshine district, where all trace of him was lost. It is argued that he was mistaken for a revenue officer by a maker of illicit whisky in the mountains and shot to death.

When the search for the missing man grew warm, the officials figure the slayer became alarmed and, fearing to leave the body where it might possibly be found and the crime traced, conveyed it to a still or to a coke oven and then cremated it.

NEAR THE SAME SPOT.

Findlay, O., Nov. 10.—Within 100 feet from the spot where she was married, and within 50 feet from the place where her husband was drowned, Mrs. Mary Watson died Sunday, at the County Infirmary. She was 97 years old.

OHIO MEN TO DRAIN THE DISMAL SWAMP

Knoxville, Tenn., Nov. 10.—Five thousand acres of the 'Dismal Swamp' land near Norfolk, Va., are to be reclaimed by the Franklin Land and Labor company, composed of Ohio men.

The work of ditching and draining the land has already begun and hundreds of men are to be put to work. It is the intention of the company to raise all kinds of vegetables and later to engage in cattle raising on an extensive scale.

WOMAN HERMIT

New York, Nov. 10.—Mary J. Oliver, 54 years old, known as the "woman hermit," was found dead last night in her squalid home at 2293 Second avenue. People who live near her say that she may have left \$500,000, perhaps more. The woman had hardly been outside her home in 15 years.

Varilla Talks.

New York, Nov. 10.—Philippe Beaura-Varilla, the new Panama representative, returned to New York late last night. He said that he would go back to Washington on Wednesday.

Asked about the story that the Panama government grew from a plot hatched in this city, he said it was ridiculous.

"The story is the vaporizing of a discredited imagination," he said. "The plot against Colombia was hatched right in the senate at Bogota when it condemned the canal proposition. There is a general uprising of the people there now."

Mr. Beaura-Varilla's assertion that he will return to Washington tomorrow is interesting in view of the fact that the French government was expected to decide whether he, a Frenchman, ought to be allowed to act as diplomatic agent for another government, especially a new one inaugurated in the circumstances surrounding Panama's birth as a republic.

Cut to Death.

Madison, Ind., Nov. 10.—Thomas Tracy killed Isaac Schifferman, a German, with a knife. Tracy is well known in police circles and has recently returned from an extended absence. Tracy found Schifferman at home talking to his wife and stabbed him to death.

WARRANT

For Arrest of H. J. Hoover is Issued in Cincinnati.

Suit on Those Certificates of Deposit Has Been Commenced and Lawyers Arrange to Take Hoover's Deposition at His Home.

Deputy United States Marshal Al. Bauer of Columbus came to Newark at noon today, armed with a warrant for the arrest of Harry J. Hoover, which charges him with violation of Federal Statute 5209. The special charge is that a certificate of deposit made out to Frank J. Bader for \$1,000 was presented at the Peoples bank Nov. 2 for payment and was paid. That said certificate had been marked "paid" on the books of said bank by Harry J. Hoover when as a matter of fact said Hoover knew it was not paid and was valid as against the bank.

The warrant also states that James M. McIntosh, (official residence Cincinnati, Ind.,) Frank J. Bader and H. P. Scott, Newark, O., are material witnesses.

Marshal Bauer made arrangements with F. M. Black, Hoover's attorney, to serve the warrant at 4 o'clock this afternoon.

At that time Squire T. L. King will be taken to the Hoover home and the sick man will be formally taken in custody before him.

Arrangements have been made by which Mr. Hoover will give bond and will then be released for his appearance before the United States court in Columbus at the next term in Columbus next month.

It is understood that Attorney F. M. Black, and Hoover's sister, Miss Gertrude Hoover are among the sureties.

A warrant was issued by the federal government in the office of United States District Attorney McPherson at Cincinnati late Monday night for the arrest of Harry J. Hoover, late cashier of the Licking County Bank and former assistant cashier of the Peoples National bank of this city. The affidavit which was sworn out

by Special Bank Examiner G. W. McIntosh of Conneltsville, Ind., charged manipulation of the books in the Peoples National bank.

It is known that a telephone message was sent to Deputy United States Marshal Al Bauer of Columbus to watch for the papers on the 2 o'clock train Tuesday morning. There was a "leak" somewhere as a morning paper in Columbus announced the fact that a warrant had been issued. It is said that the District Attorney told Mr. McIntosh, the bank examiner, that an arrest would be made the first thing Tuesday morning.

At noon intimate friends of Hoover stated positively that no warrant had been served.

Mr. McIntosh was sent here by the controller of the currency at Washington last Sunday and he at once went to the Peoples bank and made some investigation of the books. Without saying a word to the officials of the bank he left the city Monday and returned Tuesday morning. It now develops that he went to Cincinnati and had the warrant issued for Hoover's arrest.

At noon The Advocate received the following press telegram from Washington:

"Washington, Nov. 10.—The controller of the currency has been informed by telegraph of the arrest of Harry J. Hoover, ex-cashier of the People's National bank of Newark, O., on the charge of embezzling \$36,000 of the bank's funds. A national bank examiner is now going over the books of the institution, but it is stated that the bank is perfectly solvent and that it will suffer no serious consequences as the result of the alleged defalcation."

This dispatch, coupled with private messages to The Advocate from Columbus and Cincinnati, led to the report that Hoover had been arrested.

COME WITH ME TO CHINA

DICK WOOD

(This is the first of a series of articles by Mr. Dick Wood, a St. Louis newspaper man, who is now in China for the Newspaper Enterprise Association. Mr. Wood is a Chinese Free Mason, having mingled familiarly with the members of the Chinese colony in St. Louis. He accompanied two St. Louis Chinamen, who were returning to their native land, traveling over in the Chinese steamer. He will live in their homes and report in his letters the common people of China just as they are. No man of the western world has ever done this before. Mr. Wood is an artist and pictures will accompany his articles, which appear exclusively in The Advocate.)

Anybody ought to know that a flat vest-pocket comb was never made to hold back a little girl's hair. Lum Jun called my attention to it. With his long yellow forefinger he pointed across to the opposite car seat

and now we alight at "The Junction." Ten minutes later "Old Man" is enjoying the bliss of the long draw. "Never mind, Old Man, you'll suffer before you get to San Francisco! We'll not begrudge you your temporary satisfaction, but you'll have to give it up when you get aboard ship. Thirty days or more you'll be on the water, and that ought to be long enough to break you of your habit." That is, if you want to break.

Dick Wood, a friend of the Chinese, is going to China to meet and mingle with the people there, to study their home life and contribute articles to the newspapers of America, which will show forth the true and better side of a people much misunderstood.

Mr. Wood has the endorsement and recommendation of the undersigned
CHING GIM SHING,

The power of these credentials is great. With them, Dick Wood will be able to go everywhere in China. The

where the little girl was munching sticky popcorn out of a paper box and seemingly enjoying it hugely.

I looked at the object Lum was sighting at over his lean first digit, and saw the little girl. I saw, too, her father, dressed in faded brown. I watched his clumsy, constant care of the little one. Through sorrowful eyes he smiled at the child, and—did the best he could for her comfort and amusement.

Lum saw it all, too. He leaned over to me and tried to whisper, but instead, almost shouted: "Dog gone! I bat you dat littee girl am' got no mam-ma!"

You see strange sights when you travel, sights you can never see at home. The further you go, the stranger the sights.

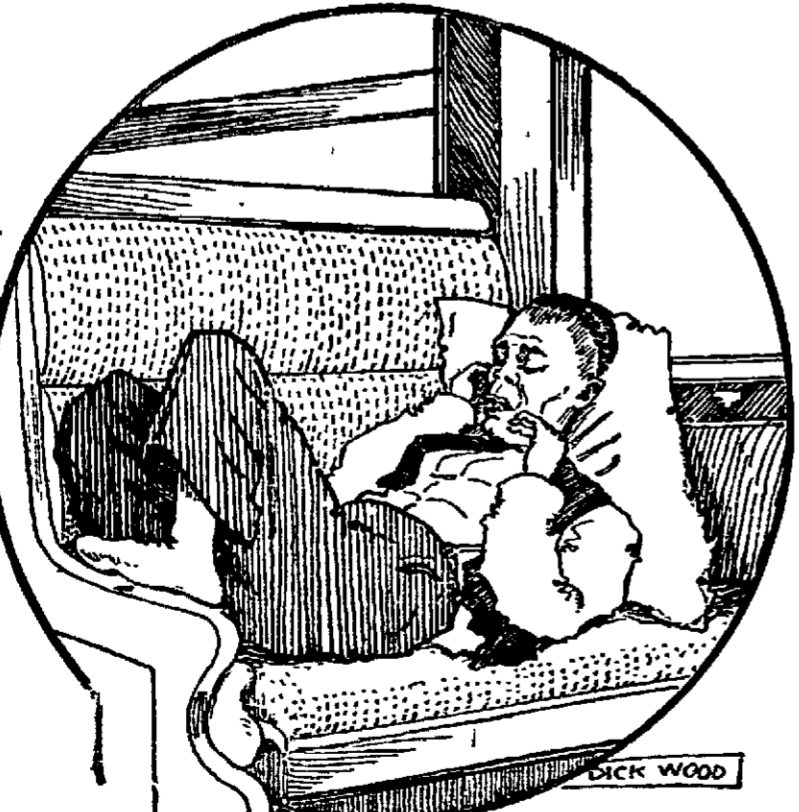

Lum Jun and I are going to China. "Old Man" is with us but he doesn't

a subcellar beneath the store is a club room, frequented by whites. Above this store, which is of the basement type, is a negro restaurant and club room. It almost made me think I was back in St. Louis in the days of the "Eagles Nest" and the "400," when the strident rounds of the cracked piano and the shuffling of pumpkin seed feet on the sanded floor above greeted my ears.

Those were the days when the papers were going heavy on "chalk" illustration, when the artist was chased out at any old time by his superior on some "razor play" scrape, and, as it often happened, to the morgue to get a sketch of the only remaining principal.

Who is this young fellow coming in? Let's find out.

"Navah min' 'bout dat," says Lum. "Planty time affah suppah."

"OL' MAN SLEEP ALL TIME JUST LIKEE DAWG."

speak English, and from his solemn, "All right, Lum: what you say downcast expression, it is evident he is almost dying to hit the pipe. So, of course, he is rather tame company. Silent, perforce; gloomy, from want of opium. When he gets to Kansas City "Old Man" can get his next long draw. Meantime Lum is veritable With Lum and "Old Man" I am going to China.

Come with me to China. "Well, dog gone! I never been Kansas City before," says Lum Jun as we take the water-sealed union station which still breathes of the evil days of the great flood. "I don't know my way."

Fortunately, I know the way, and I climb the steps to the cable car station, embark on the strenuous uphill ride, leave you out of the trip from Kansas

City to Trisco. It is a pity to have to ask you to run off the track just west of McFarland, Kan., and undergo a seven hours' delay, not to mention personal discomforts, such as a shanking up, nothing to eat until Herlington is reached, and then comments and licks alike unavailing. It's a shame that you have to ride in a tourist car and listen to tourists talk. But, then, you're with Chinese. What can you do? To come to China with me, you've got to do as Lum says. And the funny part

DICK WOOD

it all is that when it comes to an argument, Lum has to do what "Old Man" says. It is the Chinese custom.

You remember when we were kids we used to read about the prairie dogs, whose companions were owls and rattlesnakes. Well, here we are in southwestern Kansas and there are your prairie dogs. You can see them through the car window.

Lum doesn't care to look at them. He's seen them before. He has been 30 years in the United States and has traveled some.

"Where all have you been, Lum?" I ask. But Lum only points his bony finger at "Old Man" and bursts into a hearty laugh, busterously chucking so the whole car can hear. "Dog gone! Look at Ol' Man! Ol' Man sleep all time. Just likee dawg!"

Prairie dogs, bringing up the subject of rattlesnakes, the retired German auctioneer from Nebraska in the seat ahead tells how his son-in-law, while loading hay last week, got a three-foot rattler in one of his fork loads.

"What did he do with it?" anxiously queries the excitable miss who has been going for a drink of water about every ten minutes.

"Trowed it in an drove on," answers our auctioneer.

"My goodness! Wasn't he frightened?" asks the wife of the Buckeye veteran, across the way.

"When I was a boy," breaks in somebody. "And then follow stories of experiences with rattlesnakes, the greatest length for any snake being claimed as 'four footer and a half.'"

"Well, for heaven's sake! What is Lum Jun getting into his satchel for?" Don't you bother about Lum. He knows what he's about. Just you watch him.

"Dog gone!" says Lum, as he strides up the aisle, a Mason jar held aloft in his hands. "I hear you folk talk 'bout some wraddlesnek. What you think for dis wun? Him be five-foot ten-tenches. Yeh, I kill 'im mysef! Down Marble Falls, Texas. No, I no gettee scare. He wrap roun' my leg, but my foot be allee time on be head. I just push—push, ah! bimbe, he quit wiggle. Da's all."

"My goodness! What are you going to do with it?" cries the excitable miss.

"Take 'im home m' ol' fadder in China," replies Lum. "Some wraddlesnek gah mighty good for ol' man sore leg. No, dat plikheal no spill. I fix eberything good. No need gettee scare, lad. He can't bite you now. He dead."

If to spare you the prairie dog country were a pleasure, to take you into and through New Mexico and Arizona would be downright torture for your sensitive nerves.

Waste, desolate waste, is here, with no more variegation of tints than a kitchen oilcloth which has been much walked on.

Thirst stares at you through the car windows all the way from pumping station to pumping station.

"Well, dog gone!" says Lum. "what kind country you call this? Ride two days, ain' see one bird."

HOW TO GET WELL

If one is sick and wants to get well there is just one way to go about it. That is to breathe pure air, drink pure water and eat the right quality of food. That is all there is to it. Air, water, and food, a proper sort, the body welcomes. Nearly every disease is caused by a lack of one or all of these things. Some doctors tell you that pure blood is the key to health. The only way to get pure blood is to live on pure air, drink pure water, and eat the right quality of food.

The only way to get pure blood is to live on pure air, drink pure water, and eat the right quality of food.

People who are sick and want to get well will find that the only way to get well is to live on pure air, drink pure water, and eat the right quality of food. That is all there is to it. Air, water, and food, a proper sort, the body welcomes. Nearly every disease is caused by a lack of one or all of these things. Some doctors tell you that pure blood is the key to health. The only way to get pure blood is to live on pure air, drink pure water, and eat the right quality of food.

AMUSEMENTS.

Patrice and her superb acting company in the reigning success, "Driven From Home," is the excellent offering announced by Manager Rosebrough of the Auditorium for tomorrow night, November 11.

The play is one that does not depend upon the lavish scenic display that has been provided for its presentation. It is a story of common life and not a over-plausible one. It is a quaintly touching and contains a moral that makes one feel better for having witnessed it, and not a few may learn, with profit, the lesson it teaches. The action takes place in the country along the Hudson river and then shifts to New York City, where the third and fourth acts are laid. The piece contains just enough sensationalism to make it thoroughly pleasing and number it among the reliable plays you have seen.

"THE VILLAGE PARSON." Unlike the recognized minister of the stage, the parson in the play, "The Village Parson," depicts the man as well as the minister. It shows man's character true to life. There is no cant, no maudlin sentiment—just the simple every-day story of a false friend, a devoted, pure, but misjudged wife, and a husband, minister though he be, without blind faith enough to believe what his heart dictates. "The Village Parson," will be seen at the Auditorium Friday night, November 12.

Of the Ancient United Order Meet in Cincinnati—Dr. Palmer Is Among Those Present.

W. hall, at Vine and Allison streets, today, and remain in session for a day or two. J. N. Koener, of Columbus, O., grand master workman; John Olderman, of Cleveland, and Dr. I. N. Palmer, of Newark, past grand master workman; G. S. McGuire, of Marion; George H. Eiben and A. T. Rover, of Cincinnati, officers of the Grand lodge, held an executive session in the Blymyer building yesterday to prepare for the work of the convention today. Over 150 delegates, from the various lodges of Ohio are expected in the city when the convention opens.

A committee of the Grand lodge has prepared a new table of benefit rates for the order, and will ask the convention to adopt it. COLORADO COAL MINERS GO OUT

Denver, Colo., Nov. 10.—More than 10,000 coal miners in Colorado are on strike for an eight-hour day, increased wages and other concessions. The strike was ordered by the national officers of the United Mine Workers of America after the coal companies refused to confer with union representatives.

It will be the policy of the United Mine Workers to depopulate the various coal fields by sending the idle men and their families to Illinois, Indian Territory, Missouri and Iowa, where work can be secured for them. Some 5,000 tickets to these states have already been arranged, and hundreds of the strikers have started to new fields.

A STRONG ENDORSEMENT.

New York, July 27, 1901. The Vetter Dyspepsia Remedy Co., Cleveland, Ohio. After months of suffering with dyspepsia, and having vainly sought for relief through the aid of doctors and a number of so-called dyspepsia cures, at the suggestion of a friend, I tried your "Remedy" and obtained relief within twenty-four hours. I continued the use of the "Remedy" until I had used three bottles, and since that time, now more than a year ago, I have not had a recurrence of the trouble, and am able to partake of any and all foods that I may desire. I certainly consider Vetter's Dyspepsia Remedy a boon to all who may be afflicted as I was and shall surely recommend it whenever the opportunity presents itself. Yours very truly, EFFIE ELLISLER.

THE COURTS

Given a Divorce.

In the probate court on Monday Eva Summerville was granted a divorce from her husband on the grounds of gross neglect of duty and extreme cruelty.

Wants a Divorce.

Lillian Shipley, by her attorney, S. L. James, has commenced suit in the common pleas court for divorce from her husband, Robert Shipley. The parties were married December 29, 1902, in Zanesville. For cause of action the plaintiff charges the defendant with abandoning her within one week after their marriage, and that he has not contributed one cent towards her support. She also charges him with having given her a dose of medicine for neuralgia, which proved to be some poison mixed with carbolic acid, and that she was badly burned in the mouth and throat and made very sick. She alleges that on another occasion he attempted to hurl her from a bridge in the Everett addition, and that he was only prevented from doing so by her holding on to the wires of the bridge. She asks for a divorce and that she be restored to her maiden name of Lillian B. Rowe.

Given a Decree.

In the case of Emma McMullen against Cary McMullen, suit for divorce, tried in the probate court on Monday, the plaintiff was given a decree on the grounds of gross neglect of duty, cruelty and drunkenness. Smythe & Smythe were the attorneys for the plaintiff.

The Licking County Commissioners at their regular session on Monday reappointed Mr. Richard Markham as engineer of the court house for the term of one year, beginning the first of January, 1904. This is an excellent appointment and will meet with general approval on the part of the public, as Mr. Markham has been the capable and efficient engineer of the court house for some time past and has given good satisfaction.

At the same session, the Commissioners appointed Mr. William Davis, the well-known contractor, as janitor of the court house, to succeed Mr. John Wulkoop, the retiring janitor, who has served in that important capacity for several years.

LAWYERS

ADOPT RESOLUTIONS ON NEW FEDERAL DISTRICT.

Remarks Made by Attorneys and Then Unanimous Action Was Taken by the Lawyers.

A meeting of the Licking County Bar association was held Tuesday morning in the court room. Judge Kibler called the meeting to order and stated that the object of the meeting was to consider the matter of an additional federal judicial district in Ohio. Stenographer C. C. Cooper was chosen secretary. Remarks were made by various members of the bar, and the passage of the following resolution was suggested:

"Resolved, That we heartily approve of the bill prepared by the Franklin County Bar association for the establishment of a central judicial district in Ohio.

"Resolved, That we request our congressman, Hon. J. W. Cassingham, to use his best efforts to secure the establishment of an additional federal judicial district in Ohio, and to secure the speedy passage of the bill for that purpose.

"Resolved, That we earnestly request our United States senators and all of our representatives to secure the passage by congress of the bill for said proposed federal judicial district."

Small Fire.

An alarm of fire at 2:45 o'clock Tuesday afternoon called the department to the residence occupied by Mrs. Narcissa Connell, on West Church street, but before they arrived the fire had been extinguished. Miss Lucy Connell had lighted a small alcohol stove, when the alcohol caught fire. Miss Connell, with great presence of mind, picked up the stove and threw it out of the window. She then ran downstairs and told her mother what she had done, when she went upstairs to find the room in flames. The lace curtains, carpets and furniture were on fire. Miss Connell, however, succeeded in extinguishing the flames. Nearly everything in the room was ruined.

BRILLIANT

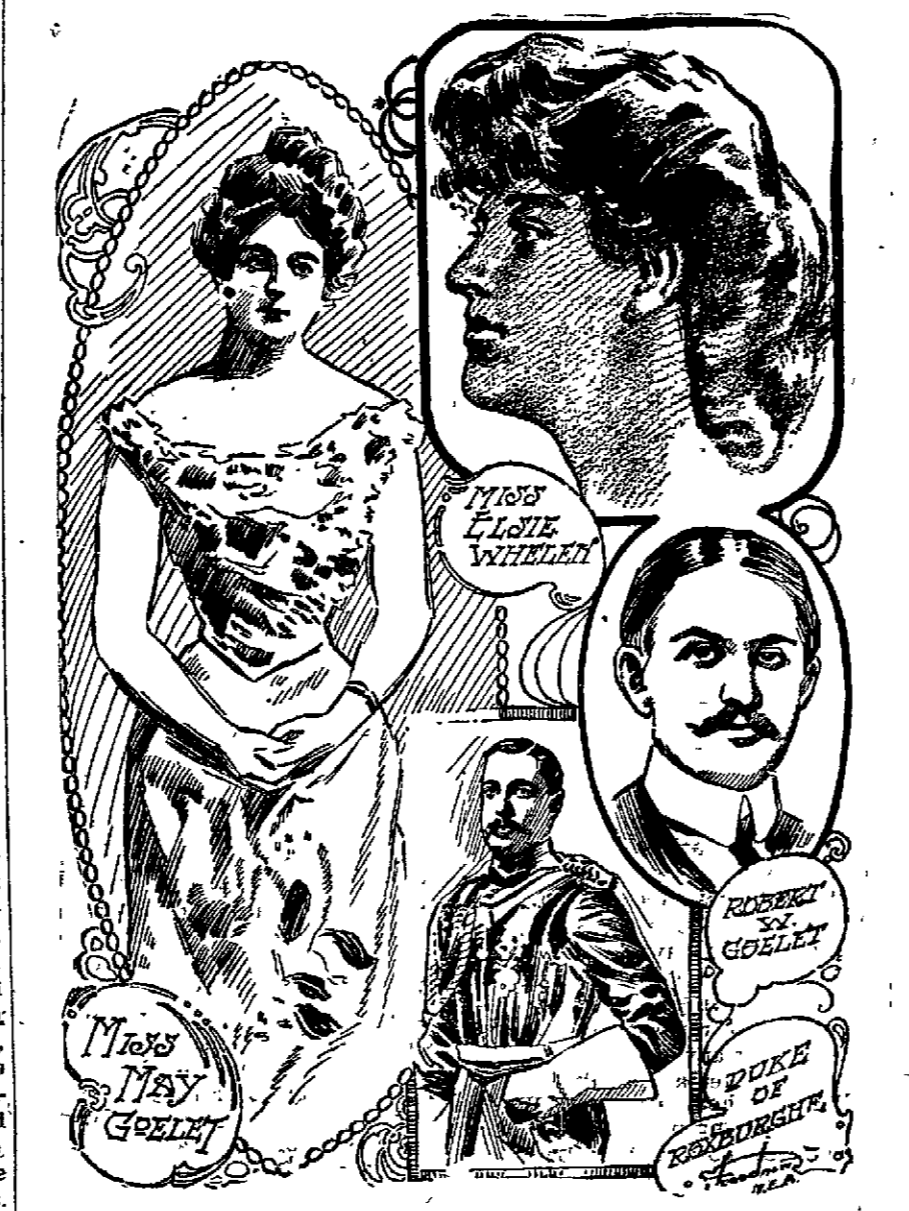

(Continued from page 1)

The Duke was attended by the Hon. Reginald Ward and the ushers were the Hon. Hugo Baring, Harold Bracey, Robert Walton Golet, Henry Rogers Winthrop, Henry Worthington Bull, and William Woodward. The best man and ushers wore boutonniere of gardenias. The wedding service was the Episcopal marriage service, after which the wedding party repaired to the Golet mansion at 608 Fifth avenue, where 200 invited guests attended an informal reception. A view of the wedding gifts, which were rich and rare and in great number was had. The presents are said to aggregate over a million dollars in value.

nue was a bower of beauty. The simple elegance, observed in all the arrangements, was nowhere more evident than in the house decorations. Costly vases held showers of rarest orchids, and only the best and most costly flowers were introduced into the floral scheme.

The wedding cake, which, when placed upon its standard, was nearly six feet in height, was a masterpiece of the confectioner's skill. It was in tiers, each tier covered with floral designs in white sugar. A cluster of orange blossoms, in candy, fell from the summit of the last tier. A base of real orange blossoms gave a pretty finish about the pedestal cakestand.

The duke and his bride sail so soon for England that not half of the bride's elaborate trousseau was brought to this country. The 20 trunks which will carry her wedding finery across the water represent but a small part of the elegant whole. The gowns of costliest material and most elaborate design are but a fitting setting for the gems, the priceless jewels, a part of the wealth of the Roxburghe family.

From Mr. and Mrs. R. T. Wilson, the bride's grandparents, a rope of pearls; from Mrs. Ogden Golet, the bride's mother, a solid gold dinner service, a diamond tiara, together with the old lace for the bridal gown; from the Duke and Duchess of Marlborough a pearl necklace; from Mr. and Mrs. Ogden Miller a dozen gold plates; from Mr. and Mrs. Cornelius Vanderbilt, a silver dinner service; from the Elbridge Gerrys, a silver tray and service. The feature of the wedding collation was the cutting of an ornamental English wedding cake.

The Duke and Duchess of Roxburghe will spend part of their honeymoon at the Golet house in Newport, R. I., and then later proceed to Floors Castle, the Duke's palace in England.

The bride's gown was a creation of white satin, lace and tulle. The heavy white satin was showered with tulle, which gave an artistic softness to the overdress of richest and oldest English point lace, elegant beyond compare. Tiny rose-like English May flowers, a suggestion of the bride's name, trimmed the front of the skirt. The point lace yoke, or yoke effect, was outlined with a rich fall of the same beautiful lace. The bodice was finished with a girde of softest satin and the sleeves were exquisitely soft and full, with fine lace and tulle.

The long court train of lace, tulle and satin fell in long, graceful lines from the shoulders. Over the folds of this elegant gown fell the shimmering length of white tulle veiling, simply caught with pearls and orange blossoms. The veil was worn over the face. Under the veil, between the folds of filmy lace and against the soft tulle of the long train were caught tiny clusters of the white May flowers.

The bride was given away by her brother, Robert Golet.

The bridesmaids were Miss Beatrice Mills, Miss Therese Iselin, Miss Marian Haven, Miss Alice Babcock, Miss Martha Johnson and Miss Thayer, of Boston.

The maids were exquisitely gowned in softest and richest tulle. The gowns, made alike, were created in America, and were daintily trimmed with ermine, indicative of the duke's rank. They were large picture hats, with touches of ermine and long white ostrich feathers.

While the vows were being spoken the grouping of the maids and other attendants against the magnificent floral decorations, with the elegance of the bride's attire and the impressive bearing of the noble bridegroom as a center, presented one of the most beautiful and effective pictures that the society world has ever been permitted to gaze upon, while the soft tones of the organ and the brilliance of many candles made the hour one of the most impressive in the history of the great church.

In an article on "The Age of the World" Sir Edward Frv. the famous English geologist, declares that 450,000,000 years must have elapsed since the existence of life on the globe.

NEW DEMOCRATIC LEADER IN CONGRESS.

In selecting John Sharp Williams of Mississippi, as their leader on the floor, the Democratic members of the House of Representatives have apparently displayed wisdom. Mr. Williams is a man of ability, political astuteness, and his ten years in Congress have fitted him to manage the affairs of his party in that body. Mr. Williams is highly educated, is a fluent speaker, a deep student of political economy and one of the best parliamentarians in public life. He is earnest, forceful and possesses an incisive style that impresses those who hear him. He has bided his time while in Congress, and not until four years ago did he begin to take active part in debates. Since that time the opposition has learned to respect him as a worthy foe for its best. He is forty-nine years old, ripe in judgment and distinctly represents the New South.

The position of floor leader during the present Congress is an important one that demands no rattle-brain. Matters of the gravest importance will come up, and in many instances will have a more or less direct bearing on the ensuing presidential campaign.

All is now peace in South Africa, and the Boers who laid down their arms and uttered a feeble shout of "Long live the king" are becoming disoriented and outspoken in their denunciation of England. At the recent church meeting of Boers the speakers became so abusive of England and her African representatives that the men were threatened with arrest and punishment on the charge of sedition. The Boers are hard losers—any race is, for that matter—and it appears from all accounts that the Dutch are being given little consideration by the authorities in what was once the Transvaal.

From all reports one is almost forced to the conclusion that "grafting" in the postoffice department is a contagious disease. The latest charges in this regard have been filed against United States Senator Dietrich, of Nebraska, who, it is alleged, put up his postoffice appointments to be bid for, and the man who offered the most money got the prize. It is said that he thus auctioned off the postoffice at Hastings, Neb., and that a man named Fisher got it after paying \$1,500. The Federal grand jury has taken cognizance of the charges and it is now investigating them. The senator refuses to discuss the case. It might be a good idea for all those who have distribution of any kind of postoffice department patronage to get together and organize themselves into a joint stock company.

DR. LLOYD

BEGINS THE WEEK'S MISSION AT TRINITY CHURCH.

A Great Preacher With a New and Stirring Up Way of Putting Things.

Exactly at 7:30 o'clock last evening, a large, heavy-set man, wearing a black cassock, stepped into the chancel of Trinity church and announced a hymn, followed by another, and then a third, the congregation getting gradually into the spirit of the occasion. This man was the Rev. Dr. Lloyd, the missionary, and from the moment he appeared he held his congregation completely under his control, by virtue of his magnificent presence, his deep, pure, sympathetic voice, with remarkable modulations, his wonderful gracefulness, and the very new and stirring-up way he had of putting things.

For instance, he spoke of the doctrine of the trinity in a few words that cleared the subject so that the dogma appeared the most reasonable of all conceptions about deity. His discourse made a profound impression on all present and was delivered with a force and earnestness rarely seen. It would be impossible to report a sermon by Dr. Lloyd, so that it would be a faithful portrayal, so much of its efficiency being due to the personal bearing of the man himself. It is certainly true that men of his rare aptitude for mission preaching have seldom visited Newark, and that those of our citizens who may fail to attend his discourses will miss far more than they realize. Whether a person be a Christian or a pagan; a good or evil liver, he cannot help hearing Dr. Lloyd with absorbing interest. The special mission preaching will continue each night this week at 7:30. There is no complex service hard for strangers to follow; nothing but the singing of some hymns, the recital of the Apostles' creed and the Lord's prayer and a few prayers by the missionary. No collection is taken and nothing done to irritate or embarrass anybody in attendance.

IT'S IMPOSSIBLE

To Disprove Facts.—It is Decidedly Easy to Verify Newark Opinion.

Nothing by way of introduction could be added to the experience and opinions given below, which could increase their value. Newark people can be safely left to draw their own conclusions based on such convincing evidence as this citizen offers. What is there lacking in evidence like this to satisfy a dyed-in-the-wool doubting Thomas?

Mr. F. Lisey of Lisey & Pink commission merchants, says:—"I was distressed and annoyed by a pain in my back just across the kidneys. It was rendered more acute every time I was called on to stoop or lift anything. Treatment at different times failed to afford me relief and at last I stopped using medicine and went and got a package of Doan's Kidney Pills at Crayton's drug store. Their use proved effectual and my back has remained sound ever since I took the treatment. I have as a natural result no hesitancy in allowing my name to be used in recommending them."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

HUNTING

SEASON OPENS AND SPORTSMEN ARE BUSY.

Game Is Said to Be Plentiful, But the Law Doesn't Allow Ruthless Slaughter.

The fall hunting season opened today and the bang of the shotgun was heard in the country districts all over the county. Every outgoing train carried dozens of corduroy clad hunters, while the over present leather gun case and shell belt were thicker than flies around a molasses bung hole. There is reported to be an abundance of game this year and the Nimrods are anticipating a season of rare sport. In many localities, however, the farmers have organized in an effort to keep out city hunters. Sportsmen do not deny the right of the farmers to do this, but they sincerely deplore the circumstances which exclude them from some of the best covers in the county. These conditions form the only handicap to the promise of a season of unalloyed enjoyment. Some farmers never suffer from the deprivations of the city chaps, and these jolly good fellows will entertain many shooting parties during the remainder of November. The law allows each hunter to kill eighteen birds per day, but it is intended that they be shot on the wing. The hunter may shoot as many rabbits as he wishes to carry if the law is complied with it will be found that the sport offered this year is better than for some time past.

INSANITY

Was Feared by the Michigan Doctor, Who Killed His Wife, Daughter and Himself.

Saginaw, Mich., Nov. 10.—Dr. W. E. Light, a prominent dentist of this city, committed suicide at his home, after fatally shooting his wife and daughter Ruby, a girl of 16. The tragedy was not discovered for 12 hours.

A friend in Bay City, alarmed by letters received from Dr. Light, came here and entered the Light home. Mrs. Light was found on her bed with a bullet through her head, but not quite dead, while her daughter had escaped in her fright as far as the kitchen, where she was shot down and killed at the door. Dr. Light had then returned upstairs and committed suicide, though by what means is not yet determined. He left letters in which he confessed the intended crime and asked that no inquest or post-mortem be held, and that the bodies should not be taken from the house until the funeral, threatening insanity to those who acted contrary to his wishes. He states in the letter how he felt insanity coming on, and that he dreaded being shut up and leaving his loved ones unprotected.

REFORM
Is Urged for Zanesville by Ministers,
Who Want the Sunday Laws
More Rigidly Enforced.
Zanesville, O., Nov. 10.—Agitation
intended to make Zanesville a "closed"
town ultimately has been begun by
some of the city's leading clergymen.
Backed by a resolution of the Min-
isterial association of this city, a com-
bined protest and petition asking for
better city government and the rigid
enforcement of all laws is being cir-
culated among their parishioners by
more than a dozen of the leading min-
isters. After signatures of the lead-
ing church people of the city have been
secured, the paper will be brought be-
fore Mayor W. B. Deacon.
The petition addressed to Mayor
Deacon says: "Many of the best citi-
zens of Zanesville used their influence
and suffrage to place you at the head
of the city government," and intimates
that they expected a better adminis-
tration than the present chief execu-
tive has thus far furnished.
The petition calls the mayor's at-
tention to "gambling, slot machines in
use in various places, saloons open on
Sunday; fruit stands, soda fountains,
and ice cream parlors, selling on the
Sabbath; and Sunday baseball games
(have been) allowed on the same day."
The petition requests the suppres-
sion of all "these evils."

liamson, Frank Walker, Joseph Flint.

cline in an empty car when the cable
broke, precipitating the vehicle and
its occupants to the bottom, crushing
them in a terrible manner.

HOBSON LOSES MEDAL.
New York, Nov. 10.—Captain Rich-
mond Pearson Hobson appeared in the
Jefferson Market police court to-
day for a search warrant for a house
in West Thirty-eighth street, which is
a sanitarium. He told Magistrate
Mayo that his sister Margaret Hob-
son, who has been attending an older
sister there who is suffering from
nervous prostration, lost a purse con-
taining \$68 and a gold medal studded
with 28 diamonds worth \$1,000. Cap-
tain Hobson said this medal was pre-
sented to him by a southern society
and he prized it highly. The magis-
trate issued three summonses for the
manager of the sanitarium and two
colored servants to appear in court
Wednesday.

WARRANT
(Continued from page 1)
With this report there were other ru-
mors that he had not been arrested,
but had left the city early in the morn-
ing. The Advocate learned on good
authority at noon that no arrest had
then been made and that Hoover was
quite sick in bed, having been too ill
during the morning to give his deposi-
tion in the bank suit.
Later The Advocate learned how
the incorrect report was sent out of
Washington. It seemed that the law-
yers, some of whom are strangers in
Newark, were seen going to Hoover's
residence Tuesday morning and that
Court Stenographer Cooper's automo-
bile was seen in front of the residence.
It was immediately reported that it
was Marshal Bauer's auto, brought
over from Columbus. A correspondent
who is not identified with The Advo-
cate had sent a report of the arrest
and, it having been sent to a news-
paper, was at once wired to Washington.
The comptroller, knowing that a war-
rant had been issued, gave the report
arrest to the Washington newspa-
per correspondents, and in that way it
was telegraphed back to Newark.

PREACHER ASKS TRIAL.
Wilmington, Del., Nov. 10.—A com-
mittee appointed by the Newcaste
Presbytery met at Middletown to con-
sider the charge against Robert A.
Elwood of Olivet church, Wilmington,
the negro murderer of Miss Helen
Rishon, who was lynched at Price's
Corner last June. The committeemen
all favored censuring the Rev. Mr.
Elwood. Elwood, seeing that a mea-
sure of censure would be adopted,
requested that he be given a trial be-
fore the Presbytery. This was granted.

Doctor Dropped Dead.
Shelby, O., Nov. 10.—Dr. George
Tucker, one of the oldest practicing
physicians in Richland county, died
suddenly last evening. He had been
playing checkers for a couple of hours
with John Slocum in a barber shop at
Plymouth, north of Shelby, when,
without warning, his head dropped
back and he was dead.
This fact was not known, however,
until Mr. Slocum remarked, "Well,
it's your move, doctor."
The doctor did not answer and after
a pause Slocum found that the doctor
had moved for the last time.
Dr. Tucker was aged 81 years. A
son is postmaster at Toledo.

Panama Organizing Army.
Panama, Nov. 10.—The British
Steam Navigation company's steam-
ship Quito arrived here. The passen-
gers say that everything was quiet at
Iruena Ventun, but that the Colum-
bians were furious against the people
of the isthmus. Business at Panama
has resumed its normal condition. The
appointment of Consul General Gu-
dger to carry on business with the ex-
ecutive government has made an excel-
lent impression. The steamship Ta-
boga left for other ports in the terri-
tory of the new republic with military
commissioners to organize armies of
the republic.

He Fell Dead.
New York, Nov. 10.—While the
heavy liquidation in Steel preferred
was in progress yesterday morning,
Leonard G. Vait, office manager for
the New York Stock Exchange firm of
H. K. Jarras, was watching the ticker
and as values declined rapidly he be-
came greatly excited and was seen to
stagger out of his office to catch a
breath of fresh air. He fell dead near
the elevator. Excitement brought on
a stroke of apoplexy.

THE MESSAGE

(Continued from page 1)

do harm to no industry. It will benefit many industries. It is in the interest of our people as a whole, both because of its importance from the broad standpoint of international policy and because economically it intimately concerns us to develop and secure the rich Cuban market for our farmers, artisans, merchants and manufacturers. Finally, it is desirable as a guaranty of the good faith of our nation towards her young sister republic to the south, whose welfare must ever be closely bound with ours. We gave her liberty. We are knit to her by the memories of the blood and the courage of our soldiers who fought for her in war; by the memories of the wisdom and integrity of our administrators, who saved her in peace and who started her so well on the difficult path of self-government. We must help her onward and upward, and in helping her we shall help ourselves.

"The foregoing considerations caused the negotiation of the treaty with Cuba and its ratification by the senate. They now with equal force support the legislation by the congress which by the terms of the treaty is necessary to render it operative. A failure to enact such legislation would come perilously near a repudiation of the pledged faith of the nation.

"I transmit herewith the treaty, as amended by the senate and ratified by the Cuban government."

DEMOCRACY'S NEW LEADER ON THE FLOOR OF THE HOUSE

Washington, Nov. 10.—John Sharp Williams, who has been chosen as Democratic floor leader in the house, hails from Yazoo, Miss. He is a typical Southern gentleman and of the best type of its spokesmen. Williams was born in Tennessee in 1854. His father was a Confederate officer who was killed at Shiloh. After the war the family went to his mother's home in Yazoo. He received a fine education in Southern colleges and at Heidelberg. When Williams gets up to speak in the house the seats fill up rapidly because everybody knows that his speeches are the most logical of any member and his command of the English language is remarkable. He is dignified and courteous in debate and forceful withal. The coming is his sixth term in congress.

STEEL

Sold Below Fifty This Morning—New Low Record Reported From New York.

New York, Nov. 10.—The preferred shares of the Steel Trust sold below fifty on the stock exchange this morning. This stock, up to the declaration of the last dividend, paid seven per cent a year. Selling at fifty today really puts the stock on a 14 per cent basis, but judging from the action of the market holders of the stock doubt if the company will continue the high dividend. Judging from the market the next dividend will be cut in two. The low point reached by the Steel preferred this morning was 49 7/8; the common shares sold down to 10 1/8.

George Crouch, famous as the lampooner of J. P. Morgan, is out with a statement that he intends to advertise in an attempt to get dissatisfied Steel stockholders to attend a mass meeting in Carnegie hall. Messrs Morgan, Carnegie and Schwab will be invited to attend and answer questions and criticisms.

Mr. Crouch's plans follow the old English custom of dissatisfied investors getting together and finding out from officers, directors and vendors what is going on.

WHEELS

Passed Over His Left Foot, Making Amputation of Mr. Lynch's Toes Necessary.

A. O. Lynch, who is employed on the Baltimore and Ohio repair track at this point, met with a very painful and serious injury on Monday night. In attempting to board a caroose at the East Main street crossing for the purpose of riding to the North End, he slipped and fell, the wheels passing over the toes of his left foot, making amputation necessary. He is now resting quite easy at his home on Buena Vista street.

Mrs. Fairbanks tells how neglect of warning symptoms will soon prostrate a woman. She thinks woman's safeguard is Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Ignorance and neglect are the cause of untold female suffering, not only with the laws of health but with the chance of a cure. I did not heed the warnings of headaches, organic pains, and general weariness, until I was well nigh prostrated. I knew I had to do something. Happily I did the right thing. I took Lydia E. Pinkham's Vegetable Compound faithfully, according to directions, and was rewarded in a few weeks to find that my aches and pains disappeared, and I again felt the glow of health through my body. Since I have been well I have been more careful, I have also advised a number of my sick friends to take Lydia E. Pinkham's Vegetable Compound, and they have never had reason to be sorry. Yours very truly, Mrs. MAY FAIRBANKS, 216 South 7th St., Minneapolis, Minn." W. C. T. U. Convention.

Cincinnati, O., Nov. 10.—Final preparation were made Monday afternoon for the entertainment of the visiting delegates while attending the National W. C. T. U. convention in this city November 12-19. There are about five hundred delegates expected, almost all of whom will be cared for in Cincinnati homes during their stay. Six of the national officers, accompanied by their stenographers, will reach Cincinnati and will be met by a committee and escorted to the Burnet House, the headquarters of the national officers.

The convention will also bring to the city many prominent colored women, who have won distinction as public speakers, or who have been largely interested in philanthropic movements. An effort will be made by them and by other colored women of this city to form a branch of the W. C. T. U., which so far, does not exist among their people.

BACKACHE

Is one of the sure signs of kidney trouble and should not be neglected. A slight disorder may be easily cured, but fatal results may follow if neglected. Diseased kidneys fail to eliminate the poison from the system and dangerous diseases are the result of these impurities remaining. The best thing to correct any disorder of the kidneys is

Dr. Black's

Buchu Compound.

It never fails to cure acute or chronic kidney trouble. The first few doses cure the backache, and if taken regularly, will effect a permanent cure.

"POET OF THE GHETTO" DIES IN POVERTY.

ISAAC REINGOLD.

Nearly all Hebrews in America knew Isaac Trimim, the "tailor poet," who died in Chicago last week. He was better known as Isaac Reingold. His death came a few hours after writing his last poem, to which he gave the prophetic title, "I Have No Time." He was 30 years old. He spent his days over a sewing machine, earning a living for himself and family, and his evenings writing Yiddish songs and poems for his race.

The following is a literal translation of the first verse of his last poem:

I have no time.
I'd fain help my townsmen their burdens to bear.
But I have no time, no time:
And aims to the needy dispense everywhere.
But I have no time, no time.
I'd con all the Bible and Talmud by heart.
And master the tongues and the song writer's art.
In school and in synagogue, too, have my part.
But I have no time, no time.

Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

DESERTS GIRL AT THE ALTAR

Nebraska City, Neb., Nov. 10.—Society of this city was thrown into a fever of excitement when Clyde Miller, a well known business man, jilted his sweetheart, Miss Anna Spangler, at the altar.

All the guests had assembled, the minister had taken his place and the bride party was approaching the altar, when suddenly Miller exclaimed: "I've changed my mind," and, turning, walked up the aisle and out of the church. Miss Spangler is prostrated over the affair and fears are entertained that she will lose her mind.

Miller refused to make any explanation, but his friends say he simply lost his nerve at the last moment and was too timid to go through the ceremony.

The Best Remedy for Croup.

(From the Atchison, Kan. Daily Globe)
This is the season when the woman who knows the best remedies for croup is in demand in every neighborhood. One of the most terrible things in the world is to be awakened in the middle of the night by a whoop from one of the children. The croup remedies are almost as sure to be lost in case of croup, as a revolver is sure to be lost in case of burglars. There used to be an old fashioned remedy for croup known as hive syrup and tulu, but some modern mothers say that Chamberlain's Cough Remedy is better, and does not cost so much. It causes the patient to "throw up the phlegm" quicker, and gives relief in a shorter time. Give this remedy as soon as the croupy cough appears, and it will prevent the attack. It never fails and is pleasant to take. For sale by all druggists.

FATHER ADAM'S GRAVE LOCATED IN MISSOURI

IT ALL CAME TO JOSEPH SMITH IN A REVELATION—HOW HE DISCOVERED THE GRAVE.

UNDER THIS TREE HAS FATHER ADAM'S GRAVE BEEN LOCATED.

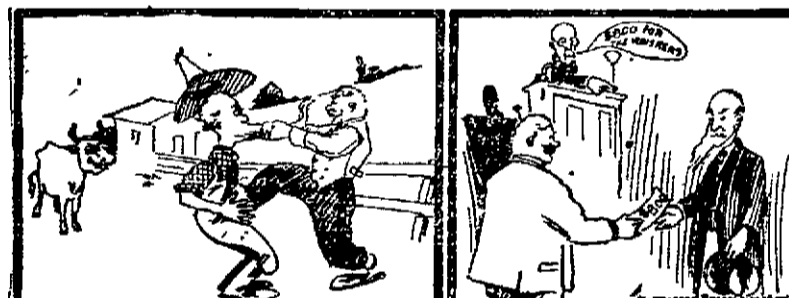

Gallatin, Mo., Nov. 9.—Five miles to the northeast of Gallatin on a high knoll that commands a view of the surrounding country and the sweep of the Grand river, is the grave of Adam, the first settler of the universe. Joseph Smith, prophet of the Mormon church, discovered the site and proclaimed the fact. He got his information, he claimed, in a special revelation from on high. So, the authenticity of the revelation being admitted, the chain of testimony is complete.

The place is visited every year by many Mormon pilgrims and curiosity seekers. It would have been difficult to find a more fitting place for the burial of our first parent. The adjacent landscape in every direction presents a scene of rare beauty. The hillock that is said to be crowned as to its summit with the grave, is terraced, seemingly by nature, perhaps by man, the gradations being regular from the water line of the Grand river to the crest, 150 feet above. On the top there is an indentation, showing where relic-hunting vandals have dug into the earth.

When the Mormons were driven out of Jackson county in the 30's, they scattered to Daviess, Ray, Carroll, Clay and Caldwell counties. It was intended that the settlement of Far West in Caldwell county should be the seat of the religion, but the Daviess county contingent, enamored of the fruitful soil and delicious climate, refused to be transplanted. They were getting along very well here, thank you, and

VALUE OF WHISKERS APPRAISED IN COURT

St. Paul, Minn., Nov. 9.—The state supreme court awards Ole Hedlund \$800 for having his whiskers pulled. Hedlund is an aged man with flowing beard, which waves in the wind near East Grand Forks when Ole is in his own hallway. Julius Crescin is a saloonkeeper whom Hedlund once had arrested for abusive language. Hedlund was driving the cows home; past the Crescin estate and stopped to remonstrate with Mrs. Crescin against a gossiping as to his veracity. Crescin appeared, and from this time on things went fast and furious. Crescin testified at a hearing later in court that Hedlund "got scared, lay on his back, kicked and bawled."

But Hedlund swore differently. He says Crescin "shook him violently, tearing out a large portion of his beard," and put forth such muscular energy on the chin growth that Hedlund's "lower jaw was jerked to one side." Hedlund alleges he has "ever since had a headache and been in a dazed condition."

Hedlund sued for \$3,000 damages. The jury in the lower court granted an \$800 verdict. The state supreme court has affirmed the verdict.

FURS

A Big Fur Opening

Wednesday and Thursday.

Conducted by our wholesale department from Cleveland.

Few people outside of those engaged in the fur business know the great reputation which our Cleveland House holds as Furriers. They probably wholesale more furs than any wholesaler in the Central States.

They are known by the trade throughout this state as Fur Specialists—and we have secured their Fur Man and their extensive line for this opening. It will give us this opportunity to show more fine furs than ever before. The line will contain all the finest grades of Alaska Foxes, Siberian Squirrels, Chinchillas, Brown Bears, Moleskin Pieces, both Blue and Black Lynx, Baum and Stone Martens, Blended Pieces of all kinds, and all the new things in small neckwear, including ties and fancy pieces. Also sets with Muffs to match. In elegance of choice pieces we count this showing our greatest effort. Come, it's for you.
